## 2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

Since our institute is located in a rural area, there are two types of students, Advanced Learners and Slow Learners. In this regard, the institute has designed a policy for the academic advancement of the students by assessing their level of education. For which, the subject teachers have been given autonomous responsibility with regard to Student Improvement in academic matters. Accordingly the students are divided into two sections namely Slow Learners and Advanced Learners based on the results of internal evaluation tests. Through personal meetings with both the groups, the teachers design the revision method separately for both the groups. In the period between the internal test and the university examination, each subject teacher arranges extra revision classes independently for both. In which, the advance learners are facilitated with some distinct academic tips to excel in respective subjects, whereas the slow learners are advised and rectified about their weaknesses and are supported to improve in their academics through considerable hard works. As a result of this joint effort of the teachers and the students, a definite upgrading is often observed in the university results.

The same ideology is also observed permanently in our curricular & co-curricular actions. To justify this, the teachers execute teaching process by inspiring students participate in discursive manner. They also adopt supporting methods like quiz, class seminars, project works, group discussions, assignments, guest lectures, academic celebrations, various competitions, etc. through which considerable progressive changes in the students have been witnessed over a period of time. **2.5 - Evaluation Process and Reforms**

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

Due to the implementation of choice based credit system, the academic year has been divided into two semesters. As a result, major improvements have been made in the study and evaluation process. Due to which mid semester internal test is taken by the college in every semester. In addition to this, the students are evaluated consistently through surprise tests, unit tests, quiz, class seminars, project works, group discussions, assignments, etc. keeping in view the process of continuous evaluation. For the students who fail to appear in regular internal tests, the institute arranges arrear/ additional tests (the schedule is also published on institutional web site) to save the students from being NPTA ('Not Permitted To Appear' in university exams). 'Examination Committee' of the college looks after the fair

administration of all the exams and it also makes sure to conduct the central assessment process, according to which the teachers assess the answer books within the campus and prepare the results in stipulated time frame. This adds substantial transparency and authenticity to the whole process of evaluation.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time-bound and efficient

The results of all mid semester/ internal examinations are posted on the notice board of the institute after 15 days. Under any discrepancy, grievance or dissatisfaction towards the results, the students can directly meet the subject teacher within ten days of the announcement of the result. After carefully listening the query of the student, the teacher is required to solve the doubts of the student by showing him/ her mistakes/ false writing in the answer book. The teacher also allows the student to justify what he/ she believes to be the truth. During the reassessment, if the teacher finds any change in marks, he does so and rectifies the result with immediate effect. Thus, the 'Exam Committee' of the institute has set up much transparent and lucid mechanism to solve any examination related grievance convincingly.

## 2.6 - Student Performance and Learning Outcomes

2.6.1 - Teachers and students are aware of the stated Programme and course outcomes of the Programmes offered by the institution.

Our institution is affiliated to Sardar Patel University, which meditatively follows LOCF (Learning Outcomes-based Curriculum Framework) pattern conceived by UGC. Accordingly the syllabus prepared and published (on its website) by Sardar Patel University consists of programme and learning outcomes. Thus, an

individual institute doesn't need to frame the programme and course outcomes separately. As a part of the academic policy decided by IQAC of the institute, the teachers avail the information about such outcomes to the students during individual DOP (Departmental Orientation Programme). This can also be found on [https://www.spuvvn.edu/students\\_corner/syllabi/](https://www.spuvvn.edu/students_corner/syllabi/)

Upload COs for all courses (exemplars from Glossary)	No File Uploaded

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

POs (Programme Outcomes), PSOs (Programme Specific Outcomes) and Cos (Course Outcomes) are integral parts of the syllabus prepared by Board of Studies for every subject recognized by Sardar Patel University. Accordingly, the teaching process in any college affiliated to Sardar Patel University robustly depends on such POs, PSOs and COs. And so, in order to justify the pedagogical substance of the curriculum, it befits very important to evaluate the attainment of different outcomes assigned to each programme. The process can also be helpful to encourage and apply Outcome Based Education for attaining a futuristic approach towards education. We have conceived the policy of assessing POs, PSOs and COs on the basis of students' curricular and co-curricular performances. For curricular performance, students are assessed through mid-semester/ internal and external examinations. And their co-curricular performance is evaluated on the basis of their activity in the classroom (quiz, seminars, assignments, group discussions, presentations, project works, viva voce, etc.) as well as their participation in various activities organized by the department/ institution.
